dataTale™

DataTale™ Mobile
2.5" HDD Enclosure
Be Ready For The New USB 3.0!

USB 3.0

- Compatible with USB 3.0 and 2.0
- Provides data transfer speed up to 5Gbits/s
- Supports SATA II compliant 2.5-inch hard drive
- Powers hard drive via USB cable
- Reduces power consumption with disk spin up/down support
- Connects to host by plug-n-play
- Supports hot-plug and hot-swap
- Enables frequent disk replacement with copper-pillar reinforced screw guides

AU-S10X

Being part of our spectacular DataTale 2.5" Mobile Enclosure Series, the **AU-S10X** is known for its USB 3.0 feature, dramatically increasing its speed! The **AU-S10X** is made backward-compatible (connectible via Micro-B to Standard Type-A) and can work with all USB 2.0 enabled hosts, as well as all forthcoming USB 3.0 models!

With the advantage of "SuperSpeed" USB 3.0 bus technology, the delivering speed has become 10 times faster than USB 2.0, reaching up to 5 Gbit/s*! All our DataTale 2.5" Mobile Enclosure Series come bundled with a bus-powered USB cable to help eliminate the need of an AC adapter, while enhancing portability and reducing device footprint.
*These features only apply if the host port is also USB 3.0.

Furthermore, the AU-S10X comes with a gorgeous heat-resistance and multi-colored casing selection (*elegant White* or *mysterious Black*), plus simple linings to present an elegant extravagance. The copper-pillar reinforced screw guides enhance casing durability to extend product life, regardless of how often the hard drive is swapped. The hidden LED indicates power and data access statuses. The HDD spin-down feature ensures efficient operation by reducing power consumption. The secure mechanics makes hard drive installation easy and fast!

USB Standard
Type-A Connector

USB 3.0 Micro-B
Connector

This DataTale 2.5" USB 3.0 Mobile Enclosure provides users with the ability to quickly back-up and store important digital data plus much more!

Specifications

Model	AU-S10X
HDD Support	2.5" SATA hard drive
Data Transfer Speed	USB 3.0: up to 5Gbits/s USB 2.0: up to 480Mbits/s
Connectors	USB 3.0 x 1
Read/Write Speed	95 MB/s (Under Windows 7 with a WD 750G hard disk)
LED	Power On / Access / Power Off
Power Supply	Bus power from host via USB cable
Dimension	123 x 80 x 16 mm (L x M x H)
Weight	86G

Specifications are subjected to change without notice

System Requirements

USB 3.0 Connection	PC	MAC
• USB 3.0 host card	• 266MHz or faster CPU • 64MB of RAM • Microsoft Windows 2000, XP, 2003, Vista, 7 or higher • One available USB 2.0 port	• Macintosh PowerPC or Intel processor • 64MB of RAM • Mac OS X 10.1 or higher • One available USB 2.0 port

Data Transfer Speed

Interface	Mbits/s
USB3.0	~5000
eSATA	~3000
1394b	~800
USB2.0	~480
1394a	~400
